ART DE VIVRE

ART DE VIVRE

Lo stile di vita, l'art de vivre, la capacità di tradurre il proprio io nello spazio e nel tempo.

Ogni progetto FORSAN CERAMICS si propone di promuovere la libera interpretazione dell'arredo bagno per generare infinite tendenze e sposare con la massima versatilità ogni soluzione.

L'obiettivo è la massima personalizzazione, la creazione di un ambiente sempre più intimo e empatico in grado di rispondere ad uno, mille, centomila stili diversi, tanti quante sono le vite che abitano il bagno di oggi e abiteranno quello di domani.

Lifestyle, art de vivre, space- and time-adjusted enhancement of one's personality.

Each FORSAN CERAMICS item aims at promoting the free interpretation of bathroom furnishing, to generate endless trends and find the most versatile match for any decoration solution.

The goal is the highest degree of personalisation, the creation of a more and more intimate, empathic environment, able to meet thousands of style requirements - as numerous as the lives of today's, and tomorrow's, bathroom environment users.

TECNOLOGIA E DESIGN

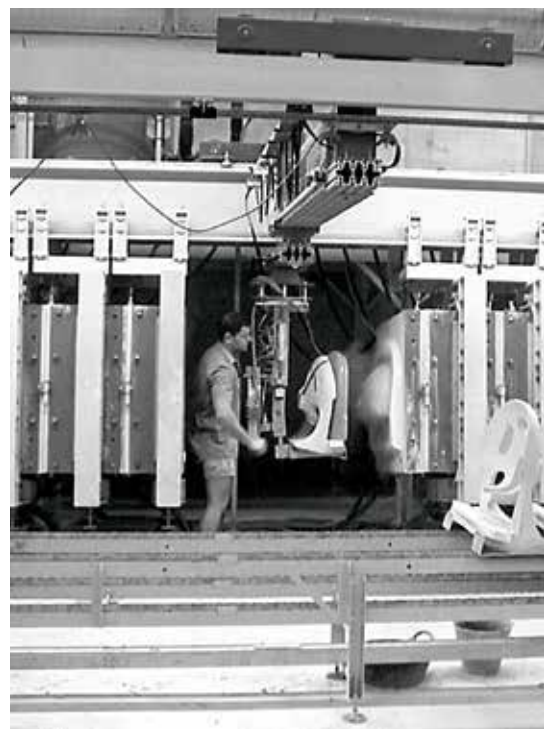

TECHNOLOGY AND DESIGN

La società si occupa principalmente della produzione di piastrelle in ceramica e gres e di sanitari utilizzando impianti all'avanguardia dotati di tecnologia per la stampa digitale. I prodotti offerti sono innovativi e caratterizzati dai più elevati standard qualitativi e da una costante attenzione per l'eccellenza. Siamo lieti di annunciare che lo stabilimento che si occupa della produzione dei sanitari ha avviato la produzione commerciale con una capacità iniziale di 1,3 milioni di pezzi all'anno, dal design moderno e in grado di soddisfare qualsiasi gusto o preferenza e destinati a tutti i segmenti del mercato.

Nei mesi di ottobre e novembre 2014 la produzione di piastrelle in ceramica e gres parte con una capacità di 20 milioni di metri quadrati all'anno, in diversi formati e modelli, con decorazioni e finiture smaltate o meno. Alla FORSAN, grazie alla tecnologia più moderna e al team di tecnici di lunga esperienza, siamo in grado di assicurare una produzione di elevata qualità; disponiamo inoltre di speciali laboratori di ricerca e sviluppo per un miglioramento continuo, innovazione e attenzione costante per l'eccellenza.

La produzione di sanitari FORSAN CERAMICS nasce dalla continua ricerca tra le nuove tecnologie di avanguardia nella produzione ceramica e dall'esplorazione delle tendenze del design contemporaneo.

La produzione si caratterizza con tipologie d'estrazione internazionale, espresse con prodotti di ampia versatilità nei vari target di acquisto.

The company focuses on manufacturing of Ceramic & Porcelain tiles and sanitary ware with the state of art machines equipped with Digital Printing technology offering innovative products with the highest standards of quality with the commitment of excellence in service. We are pleased to announce that the sanitary ware plant has started its commercial production with the initial capacity of 1.3 million pieces per year in several most modern designs to suite all tastes and segments of market.

During the months of October and November, 2014 the production of Ceramics and Porcelain tiles with start with the capacity of 20 million square meters per year in several sizes and designs with latest decoration in glazed and unglazed finishes. At FORSAN, with the most modern technology and highly experienced team of technician that would not only ensures production of high quality but also have dedicated research laboratories and development units for continuous improvements, innovations and also committed for excellence in service.

The production of FORSAN CERAMICS sanitary-ware is the outcome of continuous research in the field of new, advanced ceramic production technologies and of the exploration of modern design trends. The production is characterised by internationally inspired designs, identifiable with largely versatile items responding to a whole range of purchase targets.

INDEX

SYSTEMONE

SYSTEMONE

DESIGN NILO GIOACCHINI

Il System-One è un concetto di sanitari in ceramica che propone una nuova logica distributiva degli spazi e delle funzioni nel bagno. La sintesi di forma e del volume determinano una geometria elementare con numerose varianti di tipologia e funzione.

System-One è flessibile e disponibile alle più svariate condizioni architettoniche, recupera lo spazio inutilizzato o si distende in composizioni più ampie, sempre e comunque disponibile in tutti i life style contemporanei e nella più ampia proposta di nuovi modelli comportamentali.

System-One is a ceramic sanitary-ware concept suggesting a new layout logic for bathroom space and functions.

The combination of shape and volume creates an elementary geometry in a variety of type and function options.

System-One is flexible and adaptable to a multitude of architectural conditions, to make the most of unused space or to expand in wider compositions, in order to suit any modern lifestyle and the whole palette of behavioural models.

A modern bathroom interior featuring a white bathtub in the foreground, a wall-mounted toilet, and a dark, cone-shaped pendant light hanging from the ceiling. The floor is made of polished concrete, and the walls are a mix of white and textured grey concrete. A large blue rectangle is overlaid on the right side of the image, containing the word 'CLUB' in white.

CLUB

CLUB

DESIGN NILO GIOACCHINI

Club è una linea di sanitari di grande livello per la qualità della materia ceramica e per il suo design.

La forma di Club si caratterizza per il dialogo armonico tra le linee dinamiche esterne e quelle morbide e plastiche degli interni dei bacini, dove l'acqua ne esalta l'effetto complessivo.

Club is a top level line of sanitary ware featuring quality ceramic material and design.

The form of Club is distinguished by a harmonious dialogue between dynamic external lines and the soft, plastic lines of the interior of the basins, where water highlights the overall effect.
