Professional Profile

Technical Director and Technical Manager with over 20 years of international experience in live events, television, and large-scale productions. Since 2014, I have directed major technical operations in Saudi Arabia, delivering world-class projects such as King Faisal Prize, Noor Riyadh, and Jeddah Season. Between 2000 and 2014, I gained extensive expertise across Europe in stage management, rigging, and technical supervision for concerts, festivals, and televised productions.

Skilled at leading diverse teams, coordinating large infrastructures, and ensuring flawless execution in demanding environments.
